

2025

REPORTS

FIELD DIRECTORATE SPECIAL SESSION

FD Chair Report

Thank you to the 3 league, clubs, teams and players for Have a full season of field lacrosse.

We had 2 clubs apply for youth provincials, and they were awarded to Langley, once again they would be family day weekend as we can host all divisions over 4 days. Then we go snow and a deep freeze, we were still hopefully as the weather was to warm up. But not enough prior to the weekend and the city closed the fields, making provincials not happening, that weekend.

We talked about just hosting U18 so the graduating players would be able to complete in their last youth provincial. We looked at different weekends we had multiply clubs offer field time and it was looked at and decided we could maybe host all divisions' provincials over multi clubs and days. We asked clubs who was willing to participate, we asked officials who could officiate, volunteers to be convenors from the FD, BCLA office staff and we worked on schedules. There was definitely lots of moving parts to see if this was possible. We managed to work on a weekend that most clubs had field time, got the officials and we went ahead with a limited number of teams who could participate. We couldn't ask for a better weekend weather wise. I cannot thank the clubs who stepped up and offered as well as helped for this to happen.

Thank you Richmond, Ridge, Coquitlam and Langley. We were able to use Richmond, Ridge and Coquitlam after moving things around. Thank you to Mary, David, Wuilbert and Brad for being available to be convenors for this weekend. Thank you to Shawn for making sure the coaches were all certified and had support over the weekend. Thank you to Nico and Ryan for being able to have officials and all the officials who stepped up to make this weekend possible. Thank you to Jill and Dave for spending your weekend helping. Deb for making sure everything was in order and ready to go for the weekend. As well as all the volunteers from the clubs to make it possible.

Chilliwack applied and was awarded year end U11 tournament, but once again the weather wasn't on their side and proposed it but ended up cancelling due to lack of teams being available for the weekend that it was changed to. So they didn't have a year-end tournament.

Thank you Chilliwack for trying to get the U11 a year end tournament and hopefully you will consider reapplying for this seasoned coming up.

Burnaby applied and was awarded the women's provincial. Thank you to Stacy, Angie and their crew who spend the whole weekend making sure everything went well, to Burnaby and all the volunteers who were available all weekend to make sure everyone had a good weekend.

Thank you to everyone who sits at the FD table for all your hard work. Our coaching and official reps, our secretary Dylan who makes sure our meeting run efficiently, the 3 league chairs for all your work within your leagues. Thank you to my 3 vice Chairs, Mary for working endless making the men's league work and giving them all a place to play after youth. Stacy for all your hard work with the women's league. David for keeping the youth running smoothly and keeping everything updated.

Thank you to everyone at the BCLA office for all you do behind the scenes for field.

Beth McLucas

Chair – Field Directorate

“It was the best of times, it was the worst of times.” Charles Dickens, *A Tale of Two Cities*

This season has shown us what can happen when people work together for a common goal. It showed that when adversity hit, people with the will and the desire can make extraordinary things happen. It takes a great deal of effort to put on a Provincial Championship. The process starts in August and step by step it ramps up until 40-50 teams play for six titles in one weekend. When weather prevented the event from happening it took a herculean effort to put the event together in two weeks. Clubs scrambled for volunteers and field time. Schedules were made, remade, and remade again. Families, coaches, and officials pivoted to be available for a second weekend. Everyone put their energy towards making the event happen FOR THE PLAYERS.

In contrast, we were witness to some of the most horrible, selfish behaviour that I have seen in youth lacrosse. In contrast to the collaborative effort that I have previously described, this myopic behaviour does nothing to advance the game. We see parents putting their child ahead of the team, coaches putting their teams above other teams, and Associations putting their needs ahead of the greater good of the game. The development leagues finished with two exclusionary tournaments, one of which was cancelled due to weather. What are we teaching our kids?

I would also like to call attention to how our volunteers and officials are treated. I would say that in large part most people recognize the time and effort that volunteers like coaches, managers and executives put in. I also recognize that most people appreciate the effort of the officials on the field, but those who don't are extremely vocal, selfish, cruel and sometimes foul. Especially those who direct this disgusting behaviour at children. Unfortunately, it is those people who are having the biggest negative impact on our recruitment and retention of officials. The leaders in this game, be it coaches, managers, club executives or directorate executives, need to hold these people accountable for the benefit of the game. Sometimes tough conversations need to be had and in the course we may lose a few players or families. Ultimately our game will be stronger for it.

What everyone needs to recognize is that we are all part of something bigger. We have the privilege of participating in this great game. With that comes the responsibility to make it a great game for everyone. Medals and trophies are nice, and excellence should be recognized but at what cost. Arbitrary boundaries and economic conditions create the opportunities for some players but really, they also serve to divide us and create animosity. We need to advocate for ourselves and be the best we can be but not at the expense of others or the game itself. Those with passion and ideas should work within the system to make it better, not try and tear it down from the outside. We have a great game that provides our athletes with more opportunities than ever before. Let's do what we can to support all of them.

I would like to say thank you to League Chairs and executives, to commissioners and schedulers, referees and assignors. I would also like to thank my fellow members of the Field Directorate. Their dedication to the game is unmatched. And thank you to Jill Krop who once again demonstrated that she puts the players and the game above all else.

David Goulet

Vice Chair Youth

PCFLL 2024/25 Season Report to the BCLA Field Directorate Special Session

Member clubs of the PCFLL again accrued significant growth in the 2024/25 season across both Women's and Youth Field Lacrosse. Women's registrations increased by 140 athletes to 681 and Youth increased 293 athletes to 2066 for a total of 2747. This is the fourth straight year of growth for the league as a whole and a testament to the work done at the club level by our members.

2024/25 held several firsts for the league, including playing games the weekend immediately following Labour Day, our first season with U18 at Women's and Youth,

Congratulations to all of our PCFLL Champions as well as Provincial Championships. At provincials, the PCFLL captured 13 Women's medals and 13 Youth medals.

PCFLL members were disappointed with the BCLA decision to discontinue the U11 Provincial Tournaments this season. The Youth event was always highly anticipated, a precursor to participation in Provincials. Field Lacrosse is not Box lacrosse, and our numbers still lag behind Box. Tournaments like the U11 Provincial Tournament served as an important event within our small community.

Appeals of decisions and hearings appear to be on the increase season over season with 2024/25 having the highest league involvement over the past several years. Appeals take several forms and have differing reasons, some valid, some spurious. While not overly impactful at the moment, the trend is concerning given the amount of decisions the clubs and leagues are required to make in the course of operations.

Officials shortages continued to be an issue and resulted in game cancellations and the inability to host games during tournament weekends. The PCFLL encourages the BCLA to promote officiating to adults and those that can move quickly up the ranks to officiate the older age groups to mitigate the issue of youth officials leaving officiating in their late teens and early 20's due to other priorities.

The PCFLL continues to explore new opportunities to provide Tier 1 players the opportunity to play on Tier 1 teams by identifying and releasing players to form net-new Tier 1 teams where possible. This has been a successful experiment but remains a work in progress as it requires manual work on behalf of a volunteer committee and the executive.

The league depends on a committed group of volunteers who work tirelessly to ensure the success of the sport. These volunteers include:

- Stacy Paterson and Michael Miele, who served as Vice-Chairs and contributed significantly to the league.
 - Stacy has moved to the interior and will not remain with the PCFLL board after the upcoming AGM. Stacy has dedicated years to the PCFLL and the Women's game as a volunteer with her local club, the PCFLL, and she remains an active member of the Field Directorate. The PCFLL thanks Stacy for her commitment to the game and we wish her many glasses of wine in her new Naramata location.
- Mary Clare and the Commissioner team for their efforts in administering the sport week in and week out.
 - Mary will be stepping down at the conclusion of this season. The PCFLL is not alone in being a beneficiary of Mary's time over the past years. Mary wears her love of the game on her sleeve and we'll miss her.
- On the women's side, Stacy and Angie Reid ensured that games were scheduled and officials were present.
- For Youth, Angie Wolfe and Susan dos Santos worked to move officials around to cover as many games as possible.
- Lynda Callard served as Treasurer and Registrar ensuring money in the bank and bills being paid.
- Karen Cameron (now with 50% more Goulet!) served in her first year as League Secretary. Karen converted the league executive to Google Workspace and ensured communication to the league stakeholder groups was kept up to date.

The league also thanks the volunteers on the Field Directorate for their time during the season, Beth McLucas, David Goulet, & Stacy Paterson in particular as the Chair and Vice-Chairs responsible for athletes in the PCFLL. Overall, the 2024/25 season was a success for women's and youth field lacrosse. The PCFLL is grateful for the dedication and hard work of its member clubs, club representatives, and volunteers who have been critical to the continued growth of the league.

Vancouver Island Report

This season started out strong, our numbers are slowly increasing, we had to combine two associations this season to make two teams that wouldn't have happened. Our women's program grew to 6 teams and we had a successful girl's tournament. Due to the weather, we were not able to have our Island Championships and some of our teams were not able to participate in the Provincials

We are losing an association, Mid-Island will be taking a hiatus until further notice, the association executive has not been able to find anyone to replace her, so the island will be looking at how we place any of the players wanting to play, we are looking at the possibility of temporarily moving borders to the three associations close to them, or we may have them registrar to the island commission and we would distribute the players, we will have this figured out by the next season

Our suspensions where down this season, we had no games cancelled due to lack of refs, Our Head Ref and Head Coach have done a super job this season with working with the refs and coaches to try and keep the ref abuse down, but it's still a work in progress, our biggest challenge is our teams are growing, but some associations lack in field time.

The island will continue to work with our head ref and head coach to educate the players, coaches and parents to respect to each other and to the refs.

Tammy McDougall

VIFLL Chair

BC Lacrosse Field Directorate Special Session
April 12, 2025

Interior Field Lacrosse Commission (IFLC)

IFLC consists of 6 active Associations: Kamloops, Kelowna, Nicola Valley, North Okanagan, Penticton and Shuswap.

Not that much going on in the zone right now regarding field lacrosse. The zone had a very good year with the following teams in the season:

- 3 teams in U18
- 3 teams in U15
- 3 teams in U13
- 3 teams in U11
- 4 teams in U7/U9 (all associations combined numbers)

The interior had no representation in field lacrosse provincial championships. Originally having U13-T2 and U18-T2 set to attend the originally scheduled event, it was not possible for the teams to commit to the rescheduled event.

This year saw improvements over last season. Our registration numbers were a little lower in U11 through U18 than in previous years. However, our numbers in U7/U9 were considerably higher. During the season, U7 and U9 each had their own time slots to have games, which is something remarkable as that had not happened before. That tells on how good the numbers were in those divisions. Our referee numbers improved slightly and no games were canceled this season.

IFLC has not had its AGM yet, it will take place later in the year. Some positions are vacant and the commission is recruiting to fill those in.

The commission is looking forward to another successful year, no season would be possible without the kids and the volunteers that provide their valuable time in the name of the sport.

Thank you

Wuilbert Jaramillo
IFLC Chair

SENIOR MENS FIELD LACROSSE REPORT MARCH 2025

In the Lower Mainland the senior men opened their season September 16th with 8 teams. They began playing 2 games in Coquitlam and 2 games in North Delta having lost our spot in New Westminster to soccer youth teams. A couple of teams struggle with numbers out to league games, but so far there have been few forfeits.

The ALL Western league also resumed their season in December and although we haven't had a direct conflict with games played on Saturday nights, I believe they continue to impact our numbers.

We were impacted by ice and snow for 2 weekends in February and an atmospheric river in November which cancelled league play.

Provincials are booked for the Easter long weekend in Coquitlam, April 19th and 20th. First draft of the schedule has been done. Unfortunately the dates conflict with start of box season and the AHM tournament in Prague, so we have lost players to both of these.

Tyson Leles spearheaded a league in Victoria 2 years ago which had 4 teams competing and has increased to 6 teams this year. He has not declared any teams for provincials as he has two teams collapsing. He told me he is running 6 games each week, running out of funds to sustain it, and I found out that he only has 100 players registered and catering to the U18's who don't have a league to play in other than mens.

I had some discussion with Nanaimo who were also interested in starting a league, my last correspondence with them was that they had guys come out and play scrimmage games, but are not interested in the provincial tournament at this time. Nothing from the Interior at this time.

This year we have had no game reports in the lower mainland.

We are still unable to get gaming as a league, and although several avenues have been investigated there doesn't seem to be anything for senior players at present.

Nationals were cancelled for 2024. We have indicated that we would be able and willing to host for 2025, but I have been told that the Ross Cup is on hold until there is more interest from other provinces to participate, which seems to be a bit of a Catch 22.

Respectfully,

Mary Clare
Vice Chair Senior Men's Field Lacrosse

2025 BCLA Field Directorate Special Session

Vice Chair - Women's Field: *Stacy Paterson*

Congratulations to all women's field lacrosse players on another successful season! We're all grateful the early February snow melted, allowing the Women's Provincial Tournament to proceed.

A big thank you to the Adanacs and Langley lacrosse clubs for hosting their highly anticipated annual tournaments. Congratulations to Nanaimo for a successful first year hosting their tournament; we wish them continued success and growth with this event.

Our sincere appreciation to Jackie White and Burnaby Minor Lacrosse for once again hosting the Women's Provincial Championship Tournament. The tournament's success was made possible by the dedication of Burnaby volunteers, including Cristina, Bill, and Nick, among many others.

And, as always, our deepest thanks to every volunteer who answered the call, both on and off the field, to support the game of lacrosse.

While we celebrated many successes this season, it's with regret that I must address the recurring issue of abuse towards officials by coaches and parents. This conduct is detrimental to the sport and creates a negative atmosphere for everyone involved. I am committed to working closely with Angie to devise and implement effective solutions that promote a culture of respect and support for our officials.

I look forward to continuing to work with everyone to grow the women's game of lacrosse in British Columbia.

Thank you!

FIELD REGISTRAR REPORT

AGM 2025

A reminder that Associations are responsible for advising RAMP and the BCLA when they change Registrar's so that the COP can be updated and they can be included in communication and training.

It was definitely a challenge working with a new system this season so gratitude to the Registrars for their perseverance through this. They were the first group with the BCLA to experience RAMP and this will now help with going into Box season as we've learned a lot. We are still working through some issues and will continue to learn and flex. Input and feedback is welcome.

Regards,

Corinne Perriman

BCLA Field Registrar

Vice Chair - Coaching Men's Field

Field Directorate Special Sessions 2025

Congratulations to everyone on another successful field season. I would like to start with a huge thank you to all those involved in rescheduling the Youth Provincial Championships! It ended up being a great weekend with some fantastic lacrosse played at all levels.

Thank you to all the clubs for working to ensure most coaches were properly certified this year. The BCLCG knows there were some gaps in availability of coaching clinics and we are working to expand and streamline this process. We are still in need of Coaching Facilitators to run these clinics so if anyone in your club is interested please let the Coaches Group know.

There were 3 coaches suspended this season, one of 5 games or more. This resulted in 1 hearing with the BCLCG and the suspension in this case was upheld. I believe all the coach suspensions this season were issued for Abuse of Officials. While the number is reduced from last year, any form of abuse on the field is unacceptable. We need all clubs to help us work with the coaches to continue changing this behaviour.

A special thank you the entire BCLA office for their continued support throughout the year. I hope everyone has a great summer and I look forward to seeing everyone next season.

Shawn Donahue

Spring 2025 Special Session Report

Vice Chair - Women's Field Coaching

Good day all,

As I am newly appointed to this role, I am still in the process of understanding the full scope of my responsibilities. If anyone can offer some direction or insight, I would greatly appreciate it.

At this time, I don't have much to report, but I would like to share that there have been a couple of concerns regarding umpire abuse. These issues were addressed internally by the offending clubs—one during the season and the other at provincials.

Additionally, Travis Gillespie has held a few online group meetings covering a variety of topics. One key topic that will be discussed is the extensive work Travis has done to ensure all new and existing coaches receive their certifications in a timely manner. This includes coordinating with local facilitators, clubs, and facilities to host coaching clinics, which not only offers convenience but will also provide significant cost savings.

Thank you, and I look forward to working together.

Gord Cooper

2024-25 BCLA Field Lacrosse Special Session

VC – Mens Field Report

A total of 181 officials were certified this season up from 174 last year:

- 105 Entry Level/L1 an increase of 1 from last year
- 50 Level 2 an increase of 7 from last year
- 26 Level 3,4,5 a decrease of 1 from last year.

Thank you to all of the coaches, players, managers and parents for your patience with the schedulers and the assignors as we try to get as many games played each weekend as possible and limit the amount of postponements and cancellations.

There were 3 in season tournaments this year (Ridge Meadows, Langley, and Richmond) all hosted between Thanksgiving and Remembrance Day. The timing of the tournaments early in the year allowed for a lot of mentoring/evaluating of the younger officials that set them up for success throughout the year. The mentoring program that was initiated in 2022 was again utilized this year, thank you to all of the senior officials that gave their time to help out the younger officials during the season and at the tournaments.

The year end U9 jamboree was hosted by Mission, unfortunately the year end U11 tournament that was to be played in Chilliwack was cancelled.

Youth provincials were scheduled to be hosted in Langley however they were also cancelled as the fields were closed. The rescheduled provincials were hosted by Richmond, Coquitlam and Ridge Meadows Feb 27-Mar 2. A total of 36 officials were used across the 4 days. That included 6 from Victoria, 1 from Nanaimo and 1 from the Interior. Thank you to all the volunteers and staff who made the event possible. Thank you to all of the hosts that secured field time and made the rescheduled event happen.

There are two Mens Leagues in BC- 1 based in Metro Vancouver and 1 in Victoria, both finish their regular season at the end of March. There is a year end tournament scheduled for Easter Weekend in Coquitlam.

Thank You

Ryan Nose
VC Mens Field BCLOTSG

BCLA 2024 Vice Chair Women's Field Officials Report

This last season, we had 66 Women's Field officials (41 on the mainland and 25 on the Island):

- 1 Level 3 official
- 11 Level 2 officials
- 18 Returning Level 1 officials + 6 Island
- 11 New Level 1 officials + 19 Island

This year, we had a great interest on the island. This season was the first year for the Van Island Cup in Nanaimo. This tournament was paramount in assisting new and returning officials to gain on field experience and hone their official skills.

We began the 2024-2025 season with the Big Al 7V7 tournament hosted by Coquitlam. This tournament is always a welcome start to the season as it gives all the officials an opportunity to officiate on field to get back into officiating women's field. We hope to continue this tradition next season.

Another great opportunity was the Langley Thunderstrike Tournament. This tournament enabled us to provide feedback and evaluations to officials early in the season to set them up for more success as the season continued. This also provided us the opportunity to see who would be looking to move up to Level 2 and to mentor and encourage them to do so. We are hoping to use this tournament and the Van Island Cup as a way to help mentor and evaluate officials from other provinces who do not have the ability to officiate women's field on a regular basis.

We have had a couple adults sign up to officiate and it continues to prove successful. I would encourage associations to continue to recruit adults as well youth to umpire next seasons. Many younger officials often leave to go to university which makes scheduling officials for U18 games. I am proposing we ensure each and every association provides at least 1-2 adult officials to ensure we have coverage in seasons moving forward.

On the mainland, we have many games starting Saturday mornings, which spreads the officials thin.

For Women's field Provincials, we were able to run the entire Provincials with no weather issues, beyond rain. We had two officials travel from the island to support us at Provincials, but with such a lack of officials at the U18 level, I had to officiate throughout the weekend.

I want to thank Charlie Jones for scheduling officials all season with my support and Stacy Paterson for working so well with us on the schedule. She helped to move games around when needed so we had fewer cancellations. Central allocation continues to prove successful.

My recommendations for this next season would be as follows:

- Associations continue to recruit more adults as well as youth starting in early August (especially since all umpires must be certified (or recertified) by November 11th of the playing season. This would include recruiting back those officials back from university.
- Continue with on field mentorship of newer officials and officially evaluating umpires for continued improvement.
- Looking at the potential ability to hold 'play days' at 2 or 3 different locations every weekend. This would allow officials to be mentored and enable them to have more games (since they would not be spread thin in the am) – These would be like mini one day tournaments.

If anyone has any questions or concerns, please don't hesitate to contact me.

Angie Reid
Vice Chair Women's Field Officials

2024-25 BCLA Field Lacrosse Special Session

VC Sixes Report

Sixes is the newest discipline of lacrosse and is the version that will be showcased at the Olympics in Los Angeles in the Summer of 2028.

World Lacrosse and Lacrosse Canada both have free material available on their Thinkific platform to help officials understand the rules and concepts of the game.

Lacrosse Canada is hosting an online session for officials with 2 dates available - April 16th and 23rd. If interested there is a link on their website - registration is \$50

The BCLA hosted a sixes tournament over Thanksgiving weekend in Coquitlam and this gave an opportunity for a number of local officials to experience the game first hand.

The officials group is ready to help support any official that would like more information.

Thank You

Ryan Nose
VC Sixes BCLTSG

Team BC Field Lacrosse Special Session – Report

After one of the most successful seasons in 2024, we look to build on this in 2025. We had close to 450 athletes participate in our Men's and Women's Tryout Camp in December 2024 and February/March 2025. The weather cooperated despite some scares in February and all the camps ran smoothly.

From the Provincial Tryout Camps, 5 Men's Teams (U14 / U15 / U16 / U17 / U19) and 6 Women's Teams (Middle School / Freshmen / Sophomore / Junior / Senior / U19) were selected to train and compete at elite events across the United States as well as National Championships. Last summer was historic for Team BC Field as it was the first time ever that Team BC Field captured all three major national championships in the same summer. Our teams won the 2024 Jenny Kyle Cup - U19 Women's Field National Championships, 2024 First Nations Trophy - U19 Men's Field National Championships, and the 2024 Alumni Cup - U17 Men's Field National Championships.

This year we have an impressive number of athletes (19 males - 20 females) receiving scholarship offers to attend a variety of Colleges and Universities in the United States and Canada. The Team BC Field Lacrosse Program currently has over 100 Female and Male athletes actively competing at the collegiate level in Canada and in the United States.

I am incredibly proud of the growth and development of our female and male lacrosse coaches and athletes. The 2025-26 season is especially exciting as it marks a historic milestone: for the first time, the Women's Field Program boasts female Head Coaches leading all six of our teams!

The Women's U19 Field Nationals in Coquitlam, BC, and the Men's U17 and U19 Field Nationals in Halifax, Nova Scotia, are set to take place this summer. With our sights set on another Golden Summer, we are eager to build on our past successes. This program's achievements wouldn't be possible without the support of the BCLA staff, the Board of Directors, and our local clubs. A special thank you goes to the Langley Thunder and Coquitlam Adanacs for their generous assistance in providing additional field time for practices and evaluations whenever needed.

Respectfully submitted,

Mitch Cavallarin

April 12, 2025

BC High School Field Lacrosse: Dave Showers

The 2024-2025 BC High School Field Season faced its share of challenges, with weather and other circumstances once again shortening the season. Despite these obstacles, we were still able to complete thirty-two league games, though only four tournament games.

A huge thank you to our dedicated committee members:

- **Ian Radonich** for his exceptional work in scheduling the games and seamlessly adjusting to last-minute changes.
- **Susan and Nicolas dos Santos** for their tireless efforts in Officials Allocation. With a small, committed group of officials, Susan and Nicolas worked diligently to ensure we could play as many games as possible.

Their hard work and dedication made a significant impact on the season, and we are truly grateful for their support.

A daily Instagram post and website score updates were provided throughout the season. The BC High School Field Instagram page can be found at: <https://www.instagram.com/bchighschoolax/>.

The end of the season was certainly an unexpected one. First, we lost our scheduled field time at Coquitlam's Town Centre, but thanks to the Ridge Meadows Burrards, we were able to secure their remaining field time. With the new schedule set, things seemed on track. However, when the Youth Provincials were postponed due to snow in Langley and rescheduled in Maple Ridge during the last week of February, we lost even more field time. While we managed to play four games at Centennial, the rest of our games were unfortunately cancelled, marking the premature end of our High School Field season. We considered postponing for another week, but with Spring Break approaching, some teams were unable to commit.

It's been a challenging conclusion, but we're hopeful for a smoother start to next season.

Schools – Senior Teams

Centennial, Charles Best, Heritage Woods, Mission, New Westminster, Pitt Meadows, Riverside, Sardis, St. Thomas More, Terry Fox, Vancouver College and Walnut Grove.

Schools – Junior Teams

New Westminster, St. Thomas More, Vancouver College and Walnut Grove

Another **BIG THANK YOU** to all the Managers, Coaches and Scorekeepers who put in countless hours with these athletes, and I just want to let you know that you are beyond appreciated.

Some Recommendations for Next Season (from schools)

Dedicate one or two nights a week at a certain location, so teams know when they will play each week and would allow them to be more prepared for rides, etc. (Wednesday Night Lights).

- Keep the shorter games and play two games a week on the same night.
 - Shorten the season and just play September – November.
 - Introduce Officiating training into the schools.
 - Don't change anything.
-
