If you are amending a current regulation, or if you are adding a new motion, you must name the Regulation Number, and the point number.

When amending the current regulation, you must first write the regulation as it currently reads. Then you write the motion as you would want it to read. Please complete one form for each motion you wish to put forth. Please ensure changes are typed in **RED** font and any deletions typed in **RED** font and noted with the **strikethrough-marking**. This ensures your proposal is correctly identified and presented at the Special Session.

Also, please note that you must provide the rationale for your motion, and you must list the other current regulations your motion would affect. All of those affected regulations in all other Operating Policies would also have to be changed in the form of a motion.
