2026 Financial Overview

For the fiscal year ended August 31, 2026, the BCLA reported revenue of $3,314,750 and expenses of $2,979,781, resulting in an audited surplus of $334,969, compared with $47,022 the previous year.

The improved result reflects increased registration revenue and lower overall expenditures. Careful spending by staff and volunteers contributed to this outcome, including delivering Provincial Championships on budget.

The surplus should not be interpreted as cash available entirely for new spending. Approximately $195,000 remains payable to Lacrosse Canada for the third and final instalment of membership fees. This payment must be considered alongside BCLA’s ongoing operating needs and other financial commitments.

Our priorities remain meeting financial obligations, maintaining appropriate reserves and supporting sustainable programs and services for members. We will continue careful budgeting, reviewing expenses and explaining how registration fees support lacrosse throughout British Columbia.

The complete audited financial statements and independent auditor’s report are provided separately in the AGM package.
