Category I applies only to doping infractions involving stimulant class of banned substances when administered orally for medical purposes as defined from time to time by CCDS consistent with the IOC Charter Against Doping in Sport. On the first infraction an athlete may apply at any time to the BCLA to return to competition after three months. Subsequent infractions may be dealt with through Category II and III reinstatement.

b) **Category II**

Under limited and exceptional circumstances, a person who has committed an infraction with a four-year sport ineligibility and with a four-year ineligibility and who desires to be reinstated may apply to

the LC under Category II. The applicable limitations are described in the Criteria for Category II reinstatement issued by CCDS. 16. CONCUSSION AWARENESS AND EDUCATION

16.01 The BCLA acknowledges the severity of concussion and its life-long effects on players and their families.

16.02 The BCLA recommends that all members should review the on-line resources regarding Concussion Management and Protocols as there are many resources available and the BCLA recommends that players and their families discuss current protocols with their own medical resources, (ie, family doctor, sport medicine professional, etc.).

Concussion medicine, resources and expert knowledge improves often and member associations should educate themselves and their members on an ongoing basis; member policies should be 'working' documents that can be changed as necessary to keep members apprised of the most current information.

16.03 As per the BCLA's Risk Management Policy, all Associations/Teams must have an Emergency Action Plan that will be executed should any safety and/or medical emergency arise.

16.04 All teams must have a designated person responsible for initial concussion/head injury assessments during all practices and games. In addition* to having taken a first aid training course, this designated person must have completed a concussion management course and be capable of making an assessment of a concussion/head injury at the time of an incident. (**does not have to be same individual*).

16.05 BCLA members shall institute the following protocols when a member participant (athlete, official, coach, etc.) is suspected of sustaining a concussion or head injury:

a) The individual must immediately be removed from play.

b) The designated person responsible for initial concussion/head injury assessments, along with one other adult when assessing anyone under the age of 19, will conduct the initial assessment of the individual's injury. If a concussion or head injury is assessed, the individual will not return to play until the following protocols are met:

1) The individual must seek medical evaluation by a physician or licensed healthcare professional after a suspected concussion or head injury.

2) The Head Injury Report (see Appendix H) must be completed by the Team Manager or Coach on the date of the injury, and submitted.

i) For regular league play, to the Local Association Team President or General Manager

ii) For provincial/tournament play, to the Association President/General Manager and the Provincial or Tournament Director;

- iii) In the case of a Coach, to the BCLCG Chair;
- iv) In the case of an Official, to the BCLOG Chair.

3) A member/participant who is deemed to have suffered a concussion or head injury may not return to play until a Medical Clearance Letter* (see Appendix H) is provided

- i) For regular league play to the Team Head Coach;
- ii) For provincial/tournament play, to the Team Head Coach and the Provincial or Tournament Director;
- iii) In the case of a Coach, to the BCLCG Chair;
- iv) In the case of an Official, to the BCLOG Chair.

PLEASE NOTE: The medical clearance letter must be made available upon request to the local association/team President/General Manager, and/or to the League Commissioner.

16.06 Appendix H contains various resources that can be consulted when creating a Concussion Management Policy and Protocol. BCLA will endeavor to update Appendix H with links to the most recent and relative online resources.

17. FAIR PLAY CODES

17.01 The BC Lacrosse Association supports and promotes the Fair Play Codes as outlined in Appendix C of the General Operating Policy.

17.02 Remedial action to be from this Code will be deferred to the appropriate Governing Body who has jurisdiction, and their process of investigation and discipline shall apply.

18. RISK MANAGEMENT

18.01 The BCLA is committed to providing and promoting a safe environment for all members and staff, and shall adopt the Risk Management Program as outlined in the Risk Management Manual and its future updated materials.

19. TRANSPORTATION BY VOLUNTEER DRIVERS

19.01 The BC Lacrosse Association (BCLA) recognizes that there will be times when private vehicles are used to transport athletes, coaches, officials and/or volunteers (other than within a family), and the BCLA values the involvement and commitment of volunteer drivers.

19.02 Any volunteer driver willing to provide transportation where needed for organized lacrosse activities, must review and comply with the following conditions:

- a) The Insurance Corporation of British Columbia (ICBC) considers drivers to be "volunteers" as long as they are reimbursed only for reasonable expenses. A volunteer who is paid a wage or is reimbursed for that individual's time is no longer considered a "volunteer" and is to contact the Autoplan agent as it may be necessary for the volunteer's vehicle to be rated for "business use".
- b) The driver must hold a valid British Columbia (ICBC) driver's license (Novice Stage or Full Privilege only).
- c) The vehicle must have standard insurance coverage with ICBC.
- d) The vehicle must have one (1) seatbelt available for every passenger, including the driver. Drivers are responsible for complying with all child restraint requirements.
- e) The number of persons being transported in the vehicle must not exceed the normal carrying capacity of that vehicle.
- f) The vehicle must be maintained in sound mechanical order.
- g) A vehicle with a seating capacity of more than ten (10) persons, including the driver, is

classified by the Motor Vehicle Branch as a "bus". A "bus" used to transport athletes, coaches, officials and/or volunteers is required to have a valid Class 4 Driver's License issued by the Motor Vehicle Branch. This will include volunteers' vehicles and rental vehicles used for athletes, coaches, officials and/or volunteers transportation.

- h) Volunteers who rent vehicles to transport athletes, coaches, officials and/or volunteers must be aware of the appropriate requirements for driver's license classifications, third party liability insurance limits, and bus permits, particularly when renting vehicles, which have a capacity to carry more than ten people, including the driver. Vehicle capacity, and not the number of passengers being carried, is the determining factor. Only drivers who are declared to the rental agency are allowed to drive (confirm minimum age requirement for operating a rental vehicle with the rental agency). Insurance coverage is voided if an undeclared driver drives the vehicle.
- i) There is no medical, dental or disability coverage for volunteers. If a volunteer is injured by the actions of other people, the volunteer still has the right of common law action and in the case of automobile-related injuries, ICBC coverage may apply.

All incidents of injury or vehicle accidents must be reported to the individual's respective Association/Club/League immediately.

20. VOLUNTEER SCREENING

- 20.01 All lacrosse bench personnel, officiate, manage, train with children 18 years of age or younger must submit to a criminal record check.
- 20.02 The criminal record check must be renewed every three (3) years, prior to the start of the regular season play.
- 20.03 Failure to provide a criminal record check could result in the individual being suspended from coaching.
- 20.04 The BCLA Executive strongly recommends that all associations with athletes 18 years of age or younger, institute a policy that states no adult should be alone with a child and there should always be at least two adults present at all times around a child.
- 20.05 The BCLA membership shall institute the **Rule of Two** that statements that no minor will be left alone with a single adult.
- 20.06 It is the responsibility of the minor box associations, youth field associations, senior box teams, men's field teams and women's field teams to ensure that the appropriate adults have a current criminal record check on file. The CCR's are to be returned to a designated volunteer screening officer of the local association/team, who will confirm that the appropriate adults (per 20.01) have a current CCR. If there is a problem the CCR can be forwarded to the BCLA Volunteer Screening Officer for a resolution. The CCR box on the coaching form 100 must be filled in by the home association/team before submitting the form to the BCLA Office.

21. CONFIDENTIAL FILE

- 21.01 The BCLA Executive shall create and maintain a confidential file where information has been obtained about a BCLA Member or any individual desirous of becoming involved with the BCLA in so far as it regards to a criminal record or pending criminal charge.
- 21.02 The BCLA Executive shall protect the personal information contained in the confidential file by making reasonable security arrangements against such risks as authorized access, collection, use, disclosure or disposal.

- 21.03 The BCLA Executive shall disclose the contents of its confidential file to the President or Head of any respective association with whom the “individual” is involved or proposes to become involved and the information contained therein must be communicated to the Executive of that respective association.
- 21.04 Prior to disclosing the personal information contained in the confidential file, the BCLA Executive shall make all reasonable efforts to notify the individual whose personal information is to be released.

The BCLA encourages all our Association/Club Members, Teams, Players, Coaches, Trainers, other Team Personnel, Officials, volunteers, parents and/or guardians of BCLA players to explore and engage in social media communities at a level at which they feel comfortable. A pecuniary interest is an interest that an individual may have in a matter because of the reasonable likelihood or expectation of financial gain or loss for that individual, or another person with whom that individual is associated. FAIR PLAY Philosophy

Fair play is an attitude, a way of thinking. It can be taught and it can be learned. Once it's learned, it can apply to every aspect of a person's life. That's why fair play is so important and that's why all of us are responsible. At Fair Play Canada, they believe that the fair play philosophy becomes reality through the creation of a more ethical sport system, one that is democratic, open to all Canadians, and grounded in the principles of integrity, fairness and respect. Through sport, athletes learn about setting goals, working hard and having fun. They learn to respect their own abilities, and those of their competitors, and to value the effort of all participants, regardless of ability. When guided appropriately, athletes begin to realize that the joy of sport is as much in the effort as in the result.

Developing a more ethical sport system means addressing tough issues like violence and equity. In turn, both of those issues include difficult areas such as sexual harassment, the principles of team selection and participant involvement. Through fair play resources, advocacy, communications and training, we're working with partners at the national, provincial and municipal levels to create an atmosphere in which coaches, athletes, administrators and educators can make every athlete's sport experience a positive experience. They believe in an alternative and positive sport-model, one that closes the gap between fair play as a vision and fair play as a reality. We welcome your involvement.

FAIR PLAY Issues

To ensure a fair playing field, everyone involved in sport must support the principles of fair play – fairness, integrity and respect. When consistently applied, they not only provide a clear ethical framework for competition, but greater opportunities for getting the most out of the game. That's because they help participants focus on achievement rather than the desire to conquer an opponent.

Violence. Any physical aggression outside the rules of a sport is violence. Violence in sport reflects violence in our society; on television or the evening news, so too may we come to accept it as a fact of life in sport. It shouldn't be. The sport system must look at minimizing sources of frustration and at using the appropriate tools to control inappropriate behaviour. Officials must be empowered to enforce the rules.

Doping and Other Methods of Cheating. Winning is a reward for effort, will, discipline and talent. Violating the rules by taking performance-enhancing drugs or gaining any other unfair advantage over a competitor has nothing to do with winning; it's a form of cheating. It means that the participants are no longer all playing the same game; it demeans the efforts of every other participant, the integrity of the game and the essence of sport.

Respect. Unhealthy attitudes are just as harmful to the value and purpose of sport as unhealthy play. When opponents are viewed as enemies, officials are treated with contempt, and rules are seen only as obstacles to be overcome, nobody wins. Respect for the rules and for everyone involved is fundamental to the quality of sport and the integrity of the game.

Equal Opportunities and Fair Access. Sport is for everyone, regardless of age, sex, race or ability. Sport can have numerous benefits for everyone. All Canadians should have a range of choices and opportunities to be involved in sport.

FAIR PLAY: An Athlete's Role

Everyone involved in sport, from parents and spectators to athletes, officials and coaches, can and should play a part in promoting fair play. And the easiest way to do this is to lead by example; to always respect the written and unwritten rules of the game. It is also essential to learn how to constructively manage stress so that fair play skills and instincts will not be lost in the heat of competition. Here are some examples of how you can incorporate fair play into your sport or recreation activity.

As an athlete you have an opportunity to get the best out of sport. You can:

- Participate because you want to, not just because your parent or coach wants you to.
- Co-operate and respect your coach, teammates and opponents, because without them, there would be no game.

- Always try to control your temper. Competition is stressful and can provoke powerful emotions, but fighting and mouthing off spoil the game for everyone.
- Remember that winning isn't everything. While it's great to win, it should always be fun to play.

Here are some examples of how you can incorporate fair play into your sport or recreation activity.

As a coach you are a role model and leader, and have significant impact on your athletes' attitudes. You can:

- Encourage your team to respect the opposing team and the rules of the game, to accept the judgments of officials and opposing coaches without argument.
- Teach your players how to manage conflict and stress, and use good judgment in tough situations.
- Avoid overplaying talented players and allow average players equal playing time.

And the easiest way to do this is to lead by example; to always respect the written and unwritten rules of the game. It is also essential to learn how to constructively manage stress so that fair play skills and instincts will not be lost in the heat of competition. Here are some examples of how you can incorporate fair play into your sport or recreation activity.

As an official, you act as the conscience, reinforcing the Fair Play principals. You can:

- Be consistent and objective in calling infractions, regardless of your personal feelings toward a team or individual player.
- Prevent any players or team staff from intimidating other participants, either by word or action. Similarly, do not tolerate unacceptable conduct toward yourself, other officials, players or spectators.
- Remain open to constructive criticism and try to consider different points of view.
- Respect the athletes, their coaches and parents, and everyone involved in your sport. Remember that you have many shared interests and common sport goals.

As a parent, you have significant impact on how your children feels about their achievements in sport, and in all aspects of life. You can:

- Avoid forcing your child to participate in a sport, and remember that children are playing for their enjoyment, not yours.
- Discuss Fair Play issues openly with your child. Encourage **the child** to play by the rules and resolve conflicts without resorting to violence. Help them understand that violence is unacceptable in professional sport.
- Teach your child that although it is fun to win, trying hard and doing one's best is really the name of the game. Never ridicule or get angry at your child for making a mistake or losing a competition. Offer constructive advice and assurance that continued effort will make for improved performance the next time out.
- Remember that children learn best by example. Be a supportive and fair spectator. Applaud good plays by members of both teams.

And the easiest way to do this is to lead by example; to always respect the written and unwritten rules of the game. It is also essential to learn how to constructively manage stress so that fair play skills and instincts will not be lost in the heat of competition. Here are some examples of how you can incorporate fair play into your sport or recreation activity.

As a sport administrator, league or club official, you set the tone for fair and ethical competition.

Everyone involved in sport, from parents and spectators to athletes, officials and coaches, can and should play a part in promoting fair play. And the easiest way to do this is to lead by example; to always respect the written and unwritten rules of the game. It is also essential to learn how to constructively manage stress so that fair play skills and instincts will not be lost in the heat of competition. Here are some examples of how you can incorporate fair play into your sport or recreation activity.

7. I will not use bad language, nor will I harass athletes, coaches, officials or other spectators.

APPENDIX D: CONDUCT OF HEARINGS/APPEALS BEFORE VARIOUS LACROSSE TRIBUNALS

For those individuals who preside at the hearings/appeals of various lacrosse tribunals, there are four cardinal principles. They are as follows:

1. Process is the most important factor in such hearings/appeals. The process is how the hearing/appeal is conducted. The most important factor is not who wins or loses.
2. The process must be fair.
3. Those who preside must come to the hearing/appeal with an open mind.
4. Be polite (even if it is difficult).

There are twelve specific rules which ought to be adhered to. They are as follows:

1. Read over the rules which apply to the particular case before you. You may think you know these rules without reference. You are wrong. Bring the rule book with you. Also bring paper and a pen or pencil.
2. Before the hearing/appeal begins, read all the material which has been filed. Video evidence may be submitted. Tribunal meeting attendees presiding are not required to review the video but may consider or reject it. Note particular questions you may have in the margin.
3. Arrive in good time for the hearing/appeal. Do not arrive late.
4. Before the hearing/appeal starts, do not talk to the parties who appear before you, unless it is to say simply "hello" or to advise someone where the washroom is. Nothing is more disconcerting to the other side than to see a member of the tribunal in conversation with the other side, even if it only relates to pleasantries.
5. Make sure that the room where the hearing/appeal is to take place is properly set up before the hearing/appeal starts. If the furniture needs to be rearranged, do this before the scheduled time for the commencement of the hearing/appeal.
6. Call the hearing/appeal to order, describe the procedure to be followed. Introduce everybody. Although some organizations have both parties in the room at the same time, this may lead to outbursts and could intensify antagonism between the two parties. You may find it preferable to listen to and question each party separately. Make sure both parties understand the procedure to be used. Whoever has the onus of establishing the facts is heard first.
7. At the end of each side's presentation, if you have a question, ask it then. Do not interrupt the presentation unless absolutely necessary for purposes of clarification.
8. Have paper and pencil available. Make a note when something strikes you as important.
9. The members of the tribunal should retire to consider their decision. This means you must have your own room for your deliberations in the absence of the parties. This may be done by moving into another room or by asking the parties to leave the room you are in.
10. Write out your decision promptly. Give reasons. The reasons may be set up as follows:
 - Describe the issue
 - Set forth the relevant facts
 - Summarize in brief form each side's argument
 - State your findings
 - State your decisionThe reasons do not need to be long, but they must be clear and deal with the issues raised.
11. The written decision should be delivered (by hand, e-mail or mail) to the individual facing the disciplinary action. They should also be advised at that time of the appeal procedure available to them within your organization or through the BCLA.
12. At the end, leave and go home. Do not talk to the parties prior to the decision being delivered.

REMEMBER: At the end, it is important that both sides feel they have been given a fair opportunity to state their case.

The responsibility of on-line or social media accounts belongs to the named holder of the account (or page) and all members are expected to conduct themselves in accordance with the BCLA Code of Conduct.

Overview. The BC Lacrosse Association (BCLA) has begun to use social media networking in a way to increase the reach of BCLA news and information to all interested parties, which include but is not limited to: members, fans, sport enthusiasts, and supporters. The social media outlets that may be used by the BCLA include the website, on-line community of practice, Twitter and Facebook.

These guidelines have been developed to sit under the framework for the BC Lacrosse Association By-Laws and/or Regulations, as well as be a complement to any additional policies and codes of conduct implemented by the BCLA.

We recognize the vital importance of participating in online conversations and are committed to ensuring that we participate in online social media the right way. The Social Media Guidelines have been developed to help empower you to participate in this connected world and represent our Association by sharing the vision and mission of our organization and the story of our historic game.

The vision that serves as the basis to all our initiatives is guided by certain shared values that we live by as an organization and as individuals:

Sportsmanship **P**assion **I**ntegrity **R**espect **I**nnovation **T**rust

The BCLA encourages all Association/Club members, Teams, Players, Coaches, Trainers, other Team Personnel, Officials, volunteers, parents and/or guardians of BCLA players to explore and engage in social media communities at a level at which they feel comfortable. **Have fun, but be smart.** The best advice is to approach online worlds in the same way we do the physical one -- by using **sound judgment** and **common sense**, by adhering to the Association's values, and by ensuring that all the Association's Policies and Procedures are not breached.

Social media enables people and organizations to share opinions, insights and experiences on the web using tools to connect, interact and maintain and develop relationships. Social media is about connecting and engaging with members, fans, followers and supporters.

All forms of social media that the BCLA utilizes are used to engage our members and beyond. Creating awareness, generating interest, and increasing the visibility of the BCLA should absolutely be the primary objectives when using these accounts. Social media is an opportunity for an organization to connect and network with its fans and followers.

Compliance. Non-compliance with these guidelines may be considered as misconduct, harassment, discrimination, or in certain circumstances contravention of the law.

Those who fail to comply with these guidelines may be disciplined under the BCLA By-laws and/or Regulations.

Respect of copyrights, trademarks, rights of publicity, and other third-party rights in the online social media space, including with regard to user-generated content (UGC). How exactly you do this may depend on your particular situation, so work with the Association's communications contact to make informed, appropriate decisions. When in doubt, please contact info@bclacrosse.com

Utilization of best practices, listening to the online community, and compliance with applicable regulations to ensure that this Social Media Guidelines remains current and reflect the most up-to-date and appropriate standards of behaviour.

Guidance for navigating legal issues. The following is offered as general guidance to assist you in complying with the obligations set out in these guidelines. When in doubt, seek further guidance from the BCLA's Operating Policy Manual.

Privacy, confidentiality and information security. You should **not** publish or report on conversations or information that is deemed confidential or classified or deals with matters that are internal in nature. The BCLA's *Privacy Policy* applies.

Copyright. You should respect copyright laws and fair use of copyrighted material and attribute work to the original author/source wherever possible.

All participants of the game are expected to treat each other with respect and dignity and must ensure their behaviour does not constitute bullying and/or harassment.

It is important that all participants of the game are aware of the implications of engaging in forms of social media and online conversations that reference the BCLA and/or the representative's relationship with the BCLA and its brand, and that they recognize when the BCLA might be held responsible for their behaviour.

Personal Use

Our Expectations for Personal Behaviour in Social Media. There's a big difference in speaking "on behalf of the Association" and speaking "about" the Association. This set of **5 principles** refers to those **personal or unofficial online activities** where you might refer to the BC Lacrosse Association, Lacrosse Canada or any associated activities (Local, Provincial, National Championships, International events, AGMs, etc.)

1. **Adhere to all applicable policies.** All participants of the game are subject to the Association's Code of Conduct in every public setting. In addition, in certain circumstances, other policies, including the Confidentiality Agreement or National Teams Policies and Guidelines, govern participants of the game's behaviour with respect to the disclosure of information; these policies are applicable to your personal activities online.
2. **You are responsible for your actions.** Anything you post that can potentially tarnish the Association's image will ultimately be your responsibility. We do encourage you to participate in the online social media space, but urge you to do so properly, exercising sound judgment and common sense. Please make sure to include the following disclaimer to each profile or platform you use where you can be identified as related to the Association: "The views expressed on this website/blog are the views of the author alone and do not reflect the views of the BC Lacrosse Association".
3. **Be a "scout" for compliments and criticism.** Even if you are not an official online spokesperson for the Association, you are one of our most vital assets for monitoring the social media landscape. If you come across positive or negative remarks about the Association or its brands online that you believe are important, consider sharing them by forwarding them to info@bclacrosse.com.
4. **Let the subject matter experts respond to negative posts.** You may come across negative or disparaging posts about the Association or its brands, or see third parties trying to spark negative conversations. Unless you are an authorized online spokesperson, avoid the temptation to react yourself. Pass the post(s) along to the BCLA staff who are trained to address such comments, at info@bclacrosse.com.
5. **Be conscious when mixing your business and personal lives.** Online, your personal and business personas are likely to intersect. The Association respects the free speech rights of all of its participants of the game, but you must remember that anyone has access to the online content you post. Keep this in mind when publishing information online that can be seen by more than friends and family, and know that information originally intended just for friends and family can be forwarded on.

REMEMBER: Do not represent yourself as an Official Spokesperson of the Association (unless authorized to do so - see "Professional Use of Social Media) in any social media forum and never disclose non-public information of the Association (including confidential information). Be aware that taking public positions online that are counter to the Association's interests may be harmful and could be considered a breach of compliance.

2. **Use of official marks.** We recognize that Team BC players and staff members may see value in using pictures or videos where we see them in official kits. The intent is not to forbid this usage, but simply to remind you that using such photos, for example as your profile picture, automatically link you to the Association and we therefore ask that you stay conscious of the comments and contents you post. The use of any other official marks should follow copyrights and trademarks regulations.
 3. **Links.** In order to facilitate access to relevant information regarding the Association, all groups of participants of the game are encouraged to link their blogs and other social media interactions, when in accordance to the above guidelines, to the www.bclacrosse.com website and its services.

4. Multiple secondary and incidental motions shall be given succeeding letter designations by the chair. As each motion is disposed of, the corresponding letter in the subject line is removed.
5. In the case of conflicting secondary and incidental motions, the chair shall determine preference in recognition by the date/time stamp on the messages. When a higher ranking motion is made first, the lower ranking motion is not in order.
6. Messages with a date/time stamp after a secondary or incidental motion is stated by the chair shall be disregarded. The chair shall inform the member who made the disregarded motion that the motion is not in order at the time by using "Reply" rather than "Reply-all".
7. The chair shall close debate by asking, "Are you ready for the question on motion 1-a?" in the subject line.

VOTE

1. The Chair shall put the question to a vote by restating the pending question and requesting the members to vote now. The word "vote" shall be in the subject line. (Example: Motion 1-a Vote)
2. The Chair shall include the time frame/deadline for the vote.
3. Members shall state, "I vote yes" or "I vote no" in the first line of the response and use "Reply-All".
4. The Secretary shall tally the votes and report the result of the vote to the participants, including the number of votes cast for and against the motion.
5. The Chair shall announce the results of the vote.
6. The Chair shall either state the next pending motion and open debate or shall declare the thread on "motion (number)" closed.

SECRETARY'S RECORDS AND MINUTES

1. The Secretary, or committee member so designated, shall compile and maintain the complete thread of the motion and its disposition including all secondary and incidental motions.
2. The Secretary shall prepare minutes of the vote and shall send the minutes marked "draft" to all the members.
3. These minutes shall be approved at the next regular meeting.

Medical Assessment Letter

Date: _____ Athlete's Name: _____

To whom it may concern,

Athletes who sustain a suspected concussion should be managed according to the *Canadian Guideline on Concussion in Sport*. Accordingly, I have personally completed a Medical Assessment on this patient.

Results of Medical Assessment

- This patient has not been diagnosed with a concussion and can resume full participation in school, work, and sport activities without restriction.
- This patient has not been diagnosed with a concussion but the assessment led to the following diagnosis and recommendations:

- This patient has been diagnosed with a concussion.

The goal of concussion management is to allow complete recovery of the patient's concussion by promoting a safe and gradual return to school and sport activities. The patient has been instructed to avoid all recreational and organized sports or activities that could potentially place them at risk of another concussion or head injury. Starting on _____ (date), I would ask that the patient be allowed to participate in school and low-risk physical activities as tolerated and only at a level that does not bring on or worsen their concussion symptoms. The above patient should not return to any full contact practices or games until the coach has been provided with a *Medical Clearance Letter* provided by a medical doctor or nurse practitioner in accordance with the *Canadian Guideline on Concussion in Sport*.

Other comments:

Thank-you very much in advance for your understanding.

Yours Sincerely,

Signature/print _____ M.D. / N.P. (circle appropriate designation)*

**In rural or northern regions, the Medical Assessment Letter may be completed by a nurse with pre-arranged access to a medical doctor or nurse practitioner. Forms completed by other licensed healthcare professionals should not otherwise be accepted.*

We recommend that this document be provided to the athlete without charge.

Medical Clearance Letter

Date: _____ Athlete's Name: _____

To whom it may concern,

Athletes who are diagnosed with a concussion should be managed according to the *Canadian Guideline on Concussion in Sport* including the *Return-to-School* and *Return-to-Sport Strategies* (see page 2 of this letter). Accordingly, the above athlete has been medically cleared to participate in the following activities as tolerated effective the date stated above (please check all that apply):

- Symptom-limiting activity (cognitive and physical activities that don't provoke symptoms)**
- Light aerobic activity (Walking or stationary cycling at slow to medium pace. No resistance training)**
- Sport-specific exercise (Running or skating drills. No head impact activities)**
- Non-contact practice (Harder training drills, e.g. passing drills. May start progressive resistance training. Including gym class activities without a risk of contact, e.g. tennis, running, swimming)**
- Full-contact practice (Including gym class activities with risk of contact and head impact, e.g. soccer, dodgeball, basketball)**
- Full game play**

What if symptoms recur? Any athlete who has been cleared for physical activities, gym class or non-contact practice, and who has a recurrence of symptoms, should immediately remove himself or herself from the activity and inform the teacher or coach. If the symptoms subside, the athlete may continue to participate in these activities as tolerated.

Athletes who have been cleared for full contact practice or game play must be able to participate in full-time school (or normal cognitive activity) as well as high intensity resistance and endurance exercise (including non-contact practice) without symptom recurrence. Any athlete who has been cleared for full-contact practice or full game play and has a recurrence of symptoms, should immediately remove himself or herself from play, inform their teacher or coach, and undergo medical assessment by a medical doctor or nurse practitioner before returning to full-contact practice or games.

Any athlete who returns to practices or games and sustains a new suspected concussion should be managed according to the *Canadian Guideline on Concussion in Sport*.

What You Need to Know About Concussion

This information sheet provides a brief overview on the appropriate care for an individual with a concussion. It outlines the three key steps in dealing with concussion (i.e. recognize, respond and manage) in order to assist your players/athletes in their recovery from this injury. The information included here is meant to supplement what is included in the CATT online courses. Visit cattonline.com to take a knowledge course.

Recognize

A concussion occurs when there is a significant impact to the head or body that causes the brain to move inside the skull. Common causes of concussion include **falls, motor vehicle crashes, and sport and recreational-related activities.**

There is no way to know for certain whether a particular event will lead to a concussion—a relatively minor impact may result in a concussion while a higher-magnitude hit may not. It is important to note that if there is a history of concussion, even a minor hit can trigger symptoms. Signs can be observed while symptoms are experienced by the individual.

The signs and symptoms of concussion in **individuals** include, but are not limited to:

- Headache
- Dizziness
- Nausea
- Blurred vision
- Light/sound sensitivity
- Imbalance
- Ringing in the ears
- Seeing “stars”
- Irritability
- Fogginess
- Fatigue
- Difficulty concentrating
- Poor memory
- Neck pain
- Sadness
- Confusion

Concussion signs to watch for in an **infant or toddler** may include:

- Crankiness and irritability (beyond their usual)
- Any sudden changes in sleeping pattern, eating or playing pattern
- Not interested in their favourite toys or activities
- Forgets a new skill (e.g., toilet training)
- Listless
- Loss of balance, unsteady walking
- Not eating or nursing
- Cannot be comforted

Respond

Following a potential concussion-causing event, the individual should be removed from activity immediately and assessed for **Red Flags**.

If any of the **Red Flags** are present, call an ambulance or seek immediate medical care.

If no **Red Flags** are present:

- Do not leave the individual alone
- Notify an emergency contact person, parent or caregiver
- Continue to monitor for Red Flags and signs and symptoms of concussion
- Do not let the individual return to their activity
- Do not give the individual any immediate medication
- Do not let the individual leave by themselves
- Do not let the individual drive or ride a bike

RED FLAGS

-  Neck pain or tenderness
-  Double vision
-  Weakness or tingling/ burning in arms or legs
-  Severe or increasing headache
-  Seizure or convulsion
-  Loss of consciousness
-  Deteriorating conscious state
-  Vomiting
-  Increasingly restless, agitated, or combative

The individual should be monitored for up to 48 hours before assuming that a concussion has not occurred, including monitoring throughout the night following the initial injury. Only wake the individual if you have concerns about their breathing, changes in skin colour, or how they are sleeping. Call an ambulance or seek immediate medical care if the individual is slow to wake or shows any of the **Red Flags**. Within 48 hours:

- If any signs are detected or symptoms are experienced, seek medical attention from a licensed medical professional such as a physician or nurse practitioner (if applicable in your area).
- If no signs or symptoms appear, the individual can return to normal activity but should be monitored for several days. If no signs or symptoms appear, chances are that a concussion was not sustained. If unsure, see a medical professional for guidance.

Manage

A concussion can have a significant impact on physical, cognitive, and emotional functioning. The recovery process involves balancing activities such that they do not trigger or worsen symptoms—the key is finding the “sweet spot.”

The recovery process is best done in collaboration with key individuals, such as medical professionals, family members, friends, employers, teachers and school staff, and coaches.

The first and most important step in recovery from a concussion is to rest for a maximum of 2 days. The individual will need both physical and cognitive rest in order to allow the brain to heal.

- Physical rest includes participation in activities that do not result in an increased heart rate or breaking a sweat. Restrict: exercise, sports, running, biking, rough play, etc.
- Cognitive activity should be limited, minimizing activities that require concentration and learning. Restrict: reading, electronics (computers, smartphones, video games, TV), work/schoolwork, playing musical instruments, listening to loud music, etc.

REMEMBER:
Recovery is a fluctuating process. The individual can be doing well one day but not the next.

Once symptoms start to improve, or after a maximum of 2 days of rest, the individual should begin a step-wise process to return to regular activity, including school, work, sports, etc.

Symptoms should decrease over the course of time. If you are worried that the individual is not improving, follow-up with a licensed medical professional, such as a physician or nurse practitioner (if applicable in your area).

On average, an adult takes 7 to 10 days to recover from concussion, while children and youth typically take 2 to 4 weeks. While most concussions resolve within 3 months, persistent symptoms have the potential to cause long-term difficulties. Individuals dealing with symptoms lasting longer than 2 weeks in adults and longer than 4 weeks in children and youth may require additional medical assessment and multidisciplinary management.

REMEMBER:
CATT resources to support the recovery process include:

- Return to Activity
- Return to School
- Return to Sport

The recovery period may be influenced by:

- Prior concussions
- History of headaches or migraines
- Learning disabilities
- Mental health issues
- ADHD
- Use of drugs or alcohol
- Returning to activities too soon
- Lack of family or social supports

Proper management of a concussion can reduce the risk of complications. It is important that the individual has successfully returned to school or work before fully returning to sport and physical recreation activities. Returning to activity too early may result in more severe symptoms and potentially long-term problems.

CATT Concussion Pathway

Return to Sport

This tool is a guideline for managing an individual's return to sport following a concussion and does not replace medical advice. Timelines and activities may vary by direction of a health care professional.

Return-to-School Strategy¹

The following is an outline of the *Return-to-School Strategy* that should be used to help student-athletes, parents, and teachers to partner in allowing the athlete to make a gradual return to school activities. Depending on the severity and type of the symptoms present, student-athletes will progress through the following stages at different rates. If the student-athlete experiences new symptoms or worsening symptoms at any stage, they should go back to the previous stage.

Stage	Aim	Activity	Goal of each step
1	Daily activities at home that do not give the student-athlete symptoms	Typical activities during the day as long as they do not increase symptoms (i.e. reading, texting, screen time). Start at 5-15 minutes at a time and gradually build up.	Gradual return to typical activities.
2	School activities	Homework, reading or other cognitive activities outside of the classroom.	Increase tolerance to cognitive work.
3	Return to school part-time	Gradual introduction of schoolwork. May need to start with a partial school day or with increased breaks during the day.	Increase academic activities.
4	Return to school full-time	Gradually progress.	Return to full academic activities and catch up on missed school work.

Sport-Specific Return-to-Sport Strategy¹

The following is an outline of the *Return-to-Sport Strategy* that should be used to help athletes, coaches, trainers, and medical professionals to partner in allowing the athlete to make a gradual return to sport activities. Activities should be tailored to create a sport-specific strategy that helps the athlete return to their respective sport.

An initial period of 24-48 hours of rest is recommended before starting their *Sport-Specific Return-to-Sport Strategy*. If the athlete experiences new symptoms or worsening symptoms at any stage, they should go back to the previous stage. It is important that youth and adult student-athletes return to full-time school activities before progressing to stage 5 and 6 of the *Sport-Specific Return-to-Sport Strategy*. It is also important that all athletes provide their coach with a *Medical Clearance Letter* prior to returning to full contact sport activities.

Stage	Aim	Activity	Goal of each step
1	Symptom-limiting activity	Daily activities that do not provoke symptoms.	Gradual re-introduction of work/school activities.
2	Light aerobic activity	Walking or stationary cycling at slow to medium pace. No resistance training.	Increase heart rate.
3	Sport-specific exercise	Running or skating drills. No head impact activities.	Add movement.
4	Non-contact training drills	Harder training drills, e.g. passing drills. May start progressive resistance training.	Exercise, coordination and increased thinking.
5	Full contact practice	Following medical clearance and complete return to school.	Restore confidence and assess functional skills by coaching staff.
6	Return to sport	Normal game play.

2. A copy of the Separation Agreement.

Temporary residence to attend high school, college or university may not be used to determine residency, except if the player moves permanently to the City in which the high school, college or university is located and not just for the purposes of attending the school during the school year.

The player is required to provide, and the Commissioner is entitled to, but is not restricted to, review the following documents and information to make their final determination:

- 5.15 If a club or team withdraws during the scheduled playing season, the League Commissioner shall prepare a list of player personnel available to other clubs as a result of the withdrawal, and shall circulate the list to all member clubs. No player may sign with another club or team until the list has been circulated and rights assigned by the league. The scheduled playing season will include all league games plus any post season play.
- In the event of a team withdrawing outside the scheduled playing season, the players of that team shall become the property of the league to be included in a dispersal draft as set up by the league. On May 1 the player's name shall be removed from the Protected List and placed on the holdout list. The team may add another player to its Protected List.
- 5.41 Once a player has signed a Junior certificate and it has been approved by the League Commissioner, the team having signed the player will retain the rights to their services until they are released, unless they have been signed on the privilege of conditional release recognized by the BCLA. This rule supersedes the residence rule.

 - (ii) Three or more teams tied, if one team has defeated the other teams with which it is tied after round robin play, that team shall advance. If this is not possible, the team with the best goal average advances.

GOAL AVERAGE FORMULA:

GF divided by the sum of GF + GA = Goal Average

Note: Only goals scored in the games between the teams involved in the points tie shall be used in the Goal Average Formula.

In the event that two or more teams are tied with the same number of points and cannot be separated by the Goal Average Formula, the team with the greater number of goals scored against the team or other teams with which it is tied shall be declared the higher team.

In the event that this does not break the tie, use the following steps, in order:

Such delivery in good condition shall relieve the team of any further responsibility for the care and safekeeping of the trophy or trophies so delivered. Failure by any club to deliver any trophy or trophies in its care before April 1 shall make that club liable to a fine of \$25.00 per month to a maximum of twice the replacement cost.

The Senior Directorate will reimburse up to \$600.00 for Provincial Championship medals upon presentation of receipt. - 3.02 On or before January 1 of each year, the BCLA Office Staff shall invoice each association for 50% of the previous year's registration fees, to be paid by March 15.
- 3.03 Each Association is responsible to enter and maintain the Association's players on the BCLA on-line player database. Associations with less than 75 players are encouraged to use the BCLA On-Line Registration System, and those with 76 or more players are required to use the BCLA On-Line Registration System (whereby parents register on-line with their local Minor Box Lacrosse Association).
- 3.04 Clubs that find it necessary to start a 'waitlist' must notify their Commission Chair when a waitlist has been started. A plan on what will be done with players on the waitlist should be provided (i.e., will require released players or will release excess players for placement elsewhere) and communicated on regularly.
- 3.05 The Club Registrar shall provide Team Rosters for all club teams to League Commissioners by May 15th. League Commissioners are responsible to report discrepancies between association-supplied rosters and team-supplied rosters (game sheet roster) to the Association President as well as their League Chair.
- 3.06 For those Associations who run house league systems and combine teams for provincial play, the Association must submit to the Registrar of the Minor Directorate and the Provincial Playoff Director, the additional Provincial Team lists on the Provincial Verification Roster. Combined Team lists must be e-mailed to the Registrar and the Provincial Playoff Director as well as the BCLA Office prior to May 31 of the playing year. - 3.07 Each association will submit to the BCLA Office, prior to May 15 of each playing year, a team list generated from the on-line database for each team in the Association. One hard copy of each manual registration and waiver form is required with the Team List (it is not necessary to print/submit copies of the on-line registrations). The manual player registration form must be signed by the parent/guardian and the Association Registrar. Failure to comply with said dates will result in the offending association to be fined \$250.00, and another \$250.00 for each additional seven-day period that the registration forms are not received. For any subsequent paperwork corrections required by the Minor Directorate Box Lacrosse Registrar, this must be submitted by June 1 of the playing year or the Association's team(s) will be unable to declare for Provincials.

- 3.08 No player registrations will be accepted after May 15 without first obtaining the League Commissioner's approval. The League Commissioner will not be able to approve any registrations after June 20.
- 3.09 To register these later players, the association will get approval from the League Commissioner who in turn, will email the Registrar of the Minor Directorate supplying the player's name, address, birthdate and applicable team information. The MD Registrar will add the player's name to the appropriate team list and update the registration database. Within 5 days, the association registrar will provide an electronic copy of the registration form to the BCLA Office followed by the original registration form mailed to the BCLA office.
- 3.10 Associations must provide a list of currently grandfathered players on or before May 15 of each playing year to the Registrar of the Minor Directorate. Failure to do so would make these players ineligible for provincial play.
- 3.11 In recognition of BCLA Operating Policy Regulation 16: Concussion Awareness and Education:

Failure to comply with sending in a team list with years experience may result in the Home Association being fined \$100.00 per day that it is late, up to a maximum of \$500.00, and may result in the team's removal from league play until the team is in compliance with above years' experience.

- 5.05 In U17, U15, U13, and U11, "A1", "A2", "B", and "C" leagues may be formed and are the required declarations to be used for league and tournament play. Failure to obtain written permission prior to the registration deadline will make the current year ineligible to count towards grandfathering and may result in the player being declared ineligible. Minor Directorate Disciplinary Rules will apply.

This game will be played at a neutral field as determined by the Field Directorate. When the Provincial Division Host League or Association has a team from their area (i.e., PCFLL indicates a Burnaby team), the tier or division playing in the “Wild Card” game, the travelling team will be the Provincial Host Association or that League’s team. If the “Wild Card” game is not able to be played due to weather related events and/or field closure, the BCLA tie break rule number 9 in the Provincial Directive will be implemented.
