Lacrosse Canada NOCP Fair Play Codes for Officials:

Becoming a competent official takes a great deal of time and effort. Once you have committed to become a Lacrosse official, you need to make a commitment to yourself, your peers, the participants of the game, and the game itself.

Please read the following Fair Play Codes and fill out the contract that follows:

1. I will make sure that every athlete has a reasonable opportunity to perform to the best of his or her ability, within the limits of the rules.
2. I will avoid or put an end to any situation that threatens the safety of the athletes.
3. I will maintain a healthy atmosphere and environment for competition.
4. I will not permit the intimidation of any athlete either by word or action. I will not tolerate unacceptable conduct toward myself, other officials, athletes, or spectators.
5. I will be consistent and objective in calling all infractions, regardless of my personal feelings toward a team or individual athlete.
6. I will handle all conflicts firmly but with dignity.
7. I will accept my role as a teacher and role model for fair play, especially for young participants.
8. I will be open to discussion and contact with the athletes before and after the game.
9. I will remain open to constructive criticism and show respect and consideration for different points of view.
10. I will obtain proper training and continue to upgrade my officiating skills.

I, _____, hereby agree to abide by the Official's Fair Play Code. I understand that my development will progress at an accelerated rate if I adhere to this code.

Date: _____ Signature: _____

Following the Fair Play Code will benefit your development as an official. However, there will be times when you will experience criticism from players, coaches, and fans. By following the commitment you have made, experienced officials know it will lessen the intensity of the criticism towards them.

Both should work together as a team to cover the floor, when your partner has the ball, shift your focus to the off-ball play.

Three-Referee – Introduction to System & Mechanics

Basics of 3 Referee Mechanics

*Credit and thanks to the NLL Officiating Module

Single-Side Official (SSO):
Positioned at 45° angle to the closest post, just inside the top of the 24' semi-circle dotted line.

Lead Official (LO):
Positioned 1-2 steps above GLE, within the dotted line to create the best possible sightlines.

Trail Official (TO):
Positioned nearer to the side boards to create a wide angle that allows for sightlines through players.

All positions move N/S and E/W while reading the play - no one is stationary, but movements are deliberate with the ball/players.

The action area is the middle of the floor where most of the "off-ball" infractions occur: Late hits, moving screens, holding, etc.

The three-official system is designed to provide coverage to this area of the floor to ensure that penalties/violations aren't missed.

The SSO and TO are largely responsible for fouls occurring in this area during settled offense situations.

Three Referee Positioning Diagrams – Transition & Post-Goal

Transition:

LO→TO:

Straightened running pattern up the floor just behind the last player.

Single-Side Official:

In pursuit of the play, arcs away from the bench, running slightly behind the ball-carrier.

TO→LO:

Curved running pattern with body open to the floor, settling into LO position ahead of the first player.

Post Goal Rotation:

SSO→LO:

Immediately goes to the goal celebration area and moves with those players to "hand them off" to the TO who is positioned between the benches, then goes to the near restraining line.

TO→TO:

Immediately goes to the space between the benches and monitors all line changes, then goes to the far restraining line.

LO→SSO:

Retrieves the ball and goes to the face-off, always facing in the same direction, regardless of which net has been scored on

LO→SSO:

Retrieves the ball and goes to the face-off, always facing in the same direction, regardless of which net has been scored on

Three Referee Coverage Diagrams – LO, SSO, TO, & Combined

Lead Official (LO) Coverage in 3-Referee System:

Single Side Official (SSO) Coverage in 3-Referee System:

Trail Official (TO) Coverage in the 3-Referee System:

Full Coverage (All Positions Combined) in the 3-Referee System:

Penalty Administration in 3-Referee Systems

- Official who calls the penalty takes the penalty to the box and restarts play – no change from 2-official.
- Other two officials set up as LO and SSO. Both should be totally aware during this stoppage with coverage at the bench, crease, etc.; “surveillance 360.”
- Awareness of game clock and shot clock is important.
- Huddles can be useful to get the call right, provided they are quick (especially when considering any major).

Altercations in 3-Referee Systems

- During altercations, furthest official away (usually TO) stays out of the situation. Their responsibility:
 - If necessary, jot player numbers on the riot card if multiple altercations are taking place.
 - Instruct players not involved to back away and/or return to benches/their crease.
 - Watch benches.
- LO and SSO enter the altercation, physically separating the players **only when safe to do so!**
- LO and SSO escort the combatants to the penalty box, do not let them go anywhere unsupervised!
- Huddle to discuss altercation outcome without either team present.

Key Differences Between 2 vs 3-Referee Mechanics

- All 3 officials mirror “reset” signal.
 - Yelling “**RESET**”, NOT saying “Shot”.
- LO and TO on same side of floor.
- LO and SSO can operate in 2-ref mechanic if TO needs to stay back.
 - **No switches** for contested balls in the opposite cornering.

SSO

- Better to be late than early in transition, don’t rush.
- Can provide an extra set of eyes on the crease area for LO and supports LO by identifying:
 - a) Late illegal contact on the shooter/passers.
 - b) Illegal goaltender contact by shooter or another offensive player.
 - c) Crease violation on SSO’s side of floor.
 - d) Ball crossing goal line.
 - e) Illegal touching of ball in the crease.
- Collapses to the net front and/or crease on dunk attempts and/or potential melees, ready to assist!

3-Referee Mechanics Abbreviations Glossary

- LO: Lead Official
- TO: Trail Official
- SSO: Single Side Official
 - SSO, can also be described as a “Hybrid Trail Official”
- Hard Eye: What you see sees in your primary vision, is your responsibility.
- Soft Eye: What you see in your peripheral vision, secondary help if required.
- “Surveillance 360”: Being aware and prepared to observe everything around you.
- Action Area: Middle of the floor where most “off-ball” infractions occur.
- KBA: Key or Known Busy Area *(see diagrams above).
- GLE: Goal Line Extended - This is the goal line as it extends from the crease to the boards on either side of the net.

Dealing with Disrespect and Unsportsmanlike Conduct

Officials are instructed to take disrespect and unsportsmanlike conduct directed towards them very seriously.

Rules governing Disrespect and Unsportsmanlike Conduct:

Rule 3.5 COACHES

3.5.1 HEAD COACH DUTIES

It shall be the responsibility of the head coach to see that their players and substitutes are properly and legally dressed and equipped to play and are ready to play at all times in accordance with the pre-game and in-game procedures set out by WL rules.

The head coach is responsible for the actions of all non-playing members of their squad and all persons officially connected with their team. **It is the duty of the head coach to cooperate with the officials** in keeping the game under control at all times with their players and not to entice poor sportsmanship from the spectators. Failure to cooperate will result in a bench minor penalty and may be subject to additional discipline.

Rule 8.41 UNSPORTSMANLIKE CONDUCT

8.41.1 PENALTY

In the enforcement of this rule, the Referee has the option of imposing a:

- Minor penalty; or
- Misconduct; or
- A game misconduct penalty.

Penalties should be assessed in ascending order beginning with a minor. A minimum of a bench minor penalty shall be imposed on any non-playing personnel or unidentified player who is guilty of unsportsmanlike conduct.

8.41.2 DISPUTE RULINGS OF OFFICIAL

A minor penalty shall be assessed to any player who challenges or disputes the rulings of any official during the game. If the player persists in such challenge or dispute, a misconduct penalty shall be awarded and any further dispute will result in a game misconduct penalty being awarded to the offending player.

All officials should familiarize themselves and refer to Rule 8.41 and its sub sections for situations involving Unsportsmanlike Conduct.

Cases involving **physical force (Abuse)** against an official is covered **under Rule 8.33** and as defined by rule covers situations where physical force and or the threat of physical force is directed towards an official.

Door Personnel at All Levels – their job is to open and close the door. **That is it.** They count their players going on and coming off the floor, and they may cheer on their players. The door personnel may never say a negative comment to the referee. **Consequence for door personnel who express unsportsmanlike behaviour:**

- **2-minute Unsportsmanlike Bench Minor + Game Misconduct + Game Report.**

Non-Playing Personnel entering the floor for an injured player at All Levels – A bench penalty will also be called if a trainer, door personnel or any coach, while attending an injured player on the floor, makes a negative comment or attempts to intimidate the official. **Consequence for any non-playing personnel making a negative comment or intimidating official:**

- **2-minute Unsportsmanlike Bench Minor + Game Misconduct + Game Report.**

Communication with Coaches

As is stated in Rule 3.4 (Team Captains), a Captain, or a Coach in U13 and below, shall have the **PRIVILEGE** of asking an official for the referee's interpretation of a rule, which has been applied. This is limited to asking for an interpretation, it is not a protracted discussion, nor it is permitted for them to use this privilege to "complain" about the call.

In **U13 and below**, the coach may **ask permission** to speak with the official and if granted, talk **directly to the official** about an interpretation of rule without going through the captains (who are deemed to be too young to effectively communicate with the officials). Of course, this is only in effect if the coach is **polite and not aggressive** in behaviour. As with any communication, **please communicate with both benches** and not just one team.

In **U15 and above**, referees have been instructed to use **open communication with the coaches if it is polite and quick** dialogue. This is **not intended for repeated questioning** of calls and must not unnecessarily slow down the game.

As the Head Coach is responsible for the bench, they must make sure of the following.

1. Must not enter in argument with or disrespect the officials.
2. Must not say any negative comments to anyone in the game.
3. Must not attempt to influence any calls (running commentary) or any decision of an official.
4. Must not intimidate any official (e.g. aggressive behaviour).

Coaches may use the following methods to communicate regarding the officials in their game:

- Speak to their association head referee and or president.
- Ask their minor association president to write a letter on their behalf to the Chair and VC Minor of the Officials Technical Support Group.
- Fill out the online Coaches evaluation form found on the BCLA website at www.bclacrosse.com
→Home →Forms →Coaches or follow this link:
<https://www.cognitofirms.com/BCLacrosseOfficialsGroup/OfficialsEvaluationByCoachesForm>

In cases where the coach has a complaint against the performance of the official, no good can come from that coach talking to that referee. Coaches are encouraged to make use of one of the above methods.

In all cases, only the local Head Referee, BCLOTSG Zone Coordinators, and/or others specifically authorized by the BC Lacrosse Officials Technical Support Group to assess and interact with officials shall be permitted to talk to any referee about their performance.

Head Coaches are encouraged to speak to everyone associated with their teams about disrespect and abuse. This disrespect must stop now. All games are going to heavily monitored.

Let's all work together so everyone can enjoy the games. Respect in sport is an essential part of our game and requires effort on the part of all participants, Coaches, Players, Parents, Fans, and Officials.

***Coaching and NCCP numbers: (National Coaches Certification Program)**

All coaches on the bench, at every level, be they **door personnel** or a **Head or Asst. coach**, are required to be certified coaches as per BCLCTSG policy. As such, Coaches are required to list their NCCP numbers on scoresheets for every game. However, lacrosse referees are NOT required to enforce this policy as they have no way to verify these numbers. NCCP numbers are a concern for league commissioners and the BC Lacrosse Coach's Technical Support Group.

9. Prior to game invite the head coaches of both teams to the floor near their benches, together with your partner, and introduce yourselves then ask/state:

“Coach, are all of your players legally equipped to play the game?”
“Let’s have a safe, sportsmanlike and respectful game.”

- The above question constitutes the team “warning”. The onus is on the coach to make sure all players’ equipment conforms to the specifications in the rules.
- All officials should avoid confrontational speech and try to strike a positive tone in all communication where possible.

Under “Game Writeups”, select “Incident report” and then type in “Game Report Coming “. Use icons on the app to obtain the information you require for your report.

Lacrosse Canada Penalty Administration Guidelines

SECTION 9.1 ADMINISTRATION OF COINCIDENTAL PENALTIES

1. Cancel as many penalties as possible.
2. If possible, cancel in a way to make the on-floor situation such that one team will play full strength and the other team is only one player short.
3. If possible, cancel in a way to avoid taking an extra player off the floor.
4. All major coincidental penalties with matching minors are offsetting.
5. Substitute off the bench to the floor for the coincidentally penalized players.
6. There is no time on the penalty clocks for the coincidental penalties.
7. All major coincidental penalties with non-matching minors require substitution in the penalty box for the non-matching minor penalty.
8. First in first out principle is used such that the player with the least amount of penalty time is released first.
9. When a player receives a minor and major, they will serve the minor first.
10. If a goal has been allocated to a major you must continue to allocate to the major.
11. Penalty shots - allocate a penalty shot goal scored to the player with the least amount of time remaining on their minor penalty or one goal off the major penalty with the least amount of time remaining.
12. **TWO PLAYERS DOWN AND ADDITIONAL PENALTY TO THIRD PLAYER** - If a team is already two (2) players down from full strength and is assessed as an additional time penalty to a third player, the non-offending team shall be awarded a penalty shot. Regardless of the outcome of the penalty shot, the floor strength will remain as it was prior to the penalty shot. The team that received the third timeserving penalty will begin play after the penalty shot, two players down from full strength. Third player serves penalty time in the box and releases the following player from the penalty box prior to the penalty shot. Release the player with the least amount of penalty time on a minor or one goal attached to a major penalty.
13. Player receiving a major penalty will serve the penalty time in its entirety. The player is released upon expiry of the full penalty time, on the next non-technical stoppage of play. If two goals are scored on the major then the team may substitute a player from the team's player bench onto the floor. The substitute player shall serve Goalkeepers major penalties.
14. If a player who has incurred penalty time that results in a substitute from the bench serving a portion of their time then the penalized player will only remain in the penalty box for the balance of time the sub is not serving. The substitute player always serves shorter time or equal time compared to the penalized player and the substitute player always returns to the floor before or at the same time as the penalized player. The substitute player never stays in the penalty box longer than the penalized player.
15. Match penalties – substitute must serve the penalty time. The substitute serves the full time regardless of the number of goals scored.
16. A minor penalty is released when the penalized team is playing short-handed and a goal is scored against them.
17. The designated in-home may be any runner on the team. A goalkeeper cannot be designated as the in-home. The in-home player will serve any non-designated player penalty, bench minor, or minor and major penalty to the goalkeeper.

Sample Game Report

All game reports will need to include the same basic information that can be obtained from the scoresheet. (This is obtained either from the RAMP Gamesheet app, a screen shot, or a picture taken of a paper game sheet.)

This information includes:

1. The name and contact information of the official making the call.
2. The names of the other on floor official(s) in the game.
3. The date, game level*, venue, and start time of the game.
*(Game level is typically indicated by the game number on the scoresheet). (e.g. MDBS-002)
4. The names of both teams and their head coaches.
5. The type of game. (e.g. League, Playoff, Exhibition etc....)

Below is a sample of the written description included in a typical game report.

(Remember the 4 “W’s”! When, Who, Where, What)

Describe circumstances in detail: (Sample Description)

At 16:50 of the 2nd period, Osoyoos number 28(Donald Newman) and Oliver number 14 (T. Boyd) were racing for a loose ball into the corner in the Oliver end of the floor. Oliver player number 14 was first to the ball and had possession when Osoyoos number 28 was still at least 10 feet away. Number 28 then hit number 14 from behind knocking him headfirst into the boards, while he was approximately 6 feet from the boards.

Despite loud and vocal warnings from myself prior to the hit, and with ample time to decide, number 28 recklessly hit number 14 from behind. Number 14 was seriously injured on the play, and the game was delayed while an ambulance was called.

Penalties assessed:

Number 28 was assessed a Match penalty for Boarding under Rule 8.12.4.

After you press the submit button this report will be emailed to the league Commissioner, the BCLOG, and the Coach’s Group. A copy will also be sent to your email address.
